

Public Policy Program

NATIONAL GRADUATE INSTITUTE FOR POLICY STUDIES

The Public Policy Program aims to educate leaders, public managers, and policy analysts in the policy tools needed for efficient governance.

The one-year program (MP1) equips mid-career managers and leaders with the fundamental skills and knowledge needed to be effective managers in the public sector. Students develop familiarity with all phases of the policy cycle. They are required to write a policy report as partial fulfilment of the degree of Master of Public Policy or Master of Public Administration.

The two-year program (MP2) provides pre- and early-career professionals and staff members with the technical skills needed to be professional policy analysts. The program provides a strong platform for advanced research (including doctoral studies). Students are required to write a master's thesis as partial fulfilment of the degree of Master of Arts in Public Policy.

1

ACADEMIC & PRAGMATIC

The combination of academic & practical courses is GRIPS' hallmark

About GRIPS

The National Graduate Institute for Policy Studies (GRIPS) is a global hub for world-class policy research and education. We prepare public policy leaders and professionals who will play key roles in democratic governance, and we are committed to providing quality education that meets the needs of both students and the government agencies they serve. Our core tenets are an interdisciplinary approach to policy research that is set within a truly multinational environment and a focus on equipping public policy professionals with the skills they need to serve effectively on the world stage.
